CHAPTER I: INTRODUCTION

CHAPTER II: MULBERRY SECTOR

A. Mulberry Seed
   1. Franchise disinfection program of NSSO
   2. Support to construct rearing houses for adopted seed rearers of NSSO
   3. Revolving capital fund support for state grainages and RSPs
   4. Assistance for purchasing seed testing equipment for state grainages and private RSPs
   5. Support to strengthen basic seed farms of states
   6. Support to upgrade state and private commercial seed production units

B. Mulberry Cocoon: Bivoltine and Improved Cross Breed
   1. Support for mulberry plantation development
   2. Assistance for irrigation and other water conservation and usage techniques
   3. Supply of rearing appliances (including improved mountages)/farm equipments to farmers
   4. Supply of quality disinfecting materials and other crop protection measures for farmers
   5. Assistance for construction of rearing houses
   6. Assistance for maintenance of chawki gardens, construction of chawki rearing centre
      buildings and procurement of chawki rearing equipment
   7. Production units for biological inputs/door-to-door service agents for disinfection and inputs
      supply and assistance for sericulture poly-clinics
   8. Support for development of kisan nurseries
   9. Maintenance cost for mulberry plantation raised during X and XI Plans
   10. Support for construction of vermi-compost sheds
   11. Assistance towards fencing of mulberry gardens in north-eastern states
   12. Assistance towards expansion of rearing houses to construct mounting halls in
       north-eastern states
   13. Support for increasing the yield of existing rain-fed mulberry gardens through
       water conservation techniques
CHAPTER III: VANYA SECTOR

A. Vanya Seed

I. TASAR
   1. Assistance to private tasar graineurs
      1 A. Assistance to existing tasar graineurs for upgradation of seed production capacity
   2. Assistance for strengthening of tasar seed multiplication infrastructure (tropical tasar)
      2 A. Establishment of basic seed production units (SHGs, co-operatives/NGOs)
   3. Assistance for strengthening of tasar seed multiplication infrastructure (Tropical tasar)
   4. Assistance for tropical tasar rearers
      4 A. Assistance for oak tasar seed rearers
      4 B. Assistance for mobile testing facility for disease monitoring and seed cocoon testing

II. ERI
   5. Assistance to state departments for strengthening of eri farm-cum-grainages
      5 A. Assistance to eri private graineurs
      5 B. Assistance to eri adopted seed rearers
      5 C. Upgradation of state eri basic seed farm-cum-grainages
      5 D. Assistance for establishment of self help eri grainage units
      5 E. Mobile testing and certification units

III. MUGA
   6. Assistance to muga private graineurs
      6 A. Assistance to existing muga private graineurs for upgradation of seed production capacity
   7. Assistance to state departments for strengthening of muga seed multiplication infrastructure (P2)
      7 A. Assistance for establishment of muga P3 basic seed production unit
      7 B. Assistance to muga adopted seed rearers

B. Vanya Cocoon

I. TASAR
   1. Support to rearers for augmentation of tasar host plantation
      1 A. Assistance to beneficiaries for raising tasar food plant seedlings (Kisan Nurseries)
      1 B. Assistance to tasar commercial rearers for development of chawki garden
      1 C. Assistance to tasar rearers for maintenance of existing chawki plantation
   1 D. Assistance to tasar rearers for maintenance of existing tasar plantation
      1 E. Conservation and utilization of sal based tasar eco-races
   2. Assistance for raising and maintenance of systematic oak tasar plantation
   3. Assistance for construction of cocoon storage houses in tasar sector
      3 A. Assistance for construction of cocoon storage and stifling facilities for tasar rearers

II. ERI
   4. Support for castor/tapioca cultivators with start-up tools
   5. Augmentation of perennial eri food plants with supply of start-up tools
      5 A. Assistance for raising kessuru food plants nursery
      6. Assistance for construction of rearing houses
III. MUGA
7. Augmentation and maintenance of muga food plants with start-up tools 83
7 A. Assistance for raising muga food plants nursery 84
7 B. Assistance for maintenance of existing muga food plantation 85

CHAPTER IV: POST-COCOON SECTOR 89 - 115
A. Reeling and Spinning
I. MULBERRY
1. Support for construction of reeling sheds 91
2. Support for motorized charkha to dissuade child labour 92
3. Support for establishment of improved cottage basin reeling units 92
4. Support for establishment of multi-end reeling units 93
5. Support for establishment of automatic reeling units 94
6. Support for establishment of automatic dupion reeling units (142 ends) 95
7. Assistance for twisting units (480 ends) 96
8. Interest subsidy on working capital loan sanctioned by banks to reeling units 96
9. Incentive for production of bivoltine silk 98
II. VANYA
10. Support for Vanya reeling/spinning sector 99
10 A. Reeling-cum-twisting machines 99
10 B. Wet reeling machine (2 basins of 6 ends each) 100
10 C. Two-in-one reeling-cum-twisting machine 100
10 D. Tasar cocoon sorting machine for co-operatives/SHGs 101
10 E. Motorised/ pedal operated spinning machine 101
10 F. Solar operated spinning machine 101
III. GENERAL
11. Providing services of master reelers/technicians 102

B. Post-yarn
12. Support for handloom sector 103
12 A. Loom upgradation through jacquards and other equipments developed by CSTRI 103
12 B. Pneumatic lifting mechanism for handlooms developed by CSTRI 103
13. Support for setting up of common facility centre for yarn dyeing and fabric processing (special technology package developed by CSTRI) 104
14. Providing services of master weavers/ designers/ dyers/ technicians 106

C. Marketing
15. Support to states for creating/upgrading marketing infrastructure for cocoon and raw silk. 106
16. Support for setting up of hot air driers 108
17. Vanya silk market promotion (100% meant for Vanya sector) 109
CHAPTER V: SUPPORT SERVICE SECTOR 119 - 144
1. Crop insurance support (for all sectors) 119
2. Publicity for sericulture sector 122
3. Support for studies/consultancies/surveys organised by CSB and states 124
4. Product design, development & diversification 126
5. Health insurance program for sericulture farmers and workers 128
6. Capacity building for sericulture sector 131
7. Developing community based organizations in line with resham doot concept 136
8. Support for convergence activities for sericulture development 141

SPECIAL INITIATIVES (FLEXI FUND) 142

CHAPTER VI: IMPLEMENTATION GUIDELINES 147 - 157

ANNEXURES 161 - 192
1. Physical and financial targets 161
2. Physical and financial targets with sharing pattern 171
3. Physical targets, CSB share and zone-wise unit cost 182
4. Abbreviations 191
