CHANGING PASSWORD

Click on “Click here to change Password” on the login screen.

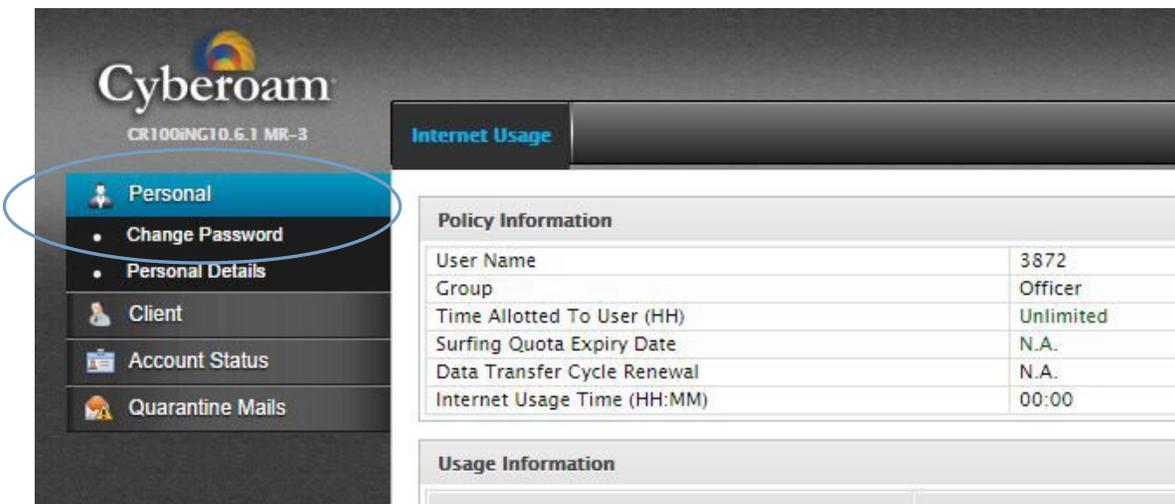

The Next screen is as below :

The image shows the Cyberoam login interface. On the left, there is the Cyberoam logo and the website URL www.cyberoam.com. On the right, there is a login form with the following fields: Username (3872), Password (masked with dots), Language (English), and Log on to (My Account). A blue oval highlights the Username, Password, and Log on to fields. A Login button is located below the form.

Enter username (Employee code) and current password. Select Login

Select “Personal” tab and “Change Password” from the menu as shown in the next screen

The image shows the Cyberoam user dashboard. The top left corner displays the Cyberoam logo and the version number CR100ING10.6.1 MR-3. The main navigation menu is on the left, with the "Personal" tab selected and circled in blue. The "Personal" menu includes "Change Password" and "Personal Details". Other menu items are "Client", "Account Status", and "Quarantine Mails". The main content area is titled "Internet Usage" and contains a "Policy Information" table and a "Usage Information" section.
